Actively seeking roles in: Enterprise Architecture · Cloud & Data Strategy · Digital Transformation

Professional Summary

Visionary technology strategist and transformation leader with deep expertise in enterprise architecture, compliance-driven cloud solutions, and data intelligence. Delivered \$10M+ in capital-backed initiatives, built AI-driven workflows that cut manual tasks by 60%, and architected integrated platforms across healthcare, finance, and operations to support 8× business growth.

Core Competencies

Enterprise Architecture: Azure, Microsoft Fabric, SQL Server, SaaS Integration

Digital Transformation: Cloud Migration, ERP/CRM Systems, Workflow Automation

Data Strategy & Analytics: Power BI, Python, Financial Modeling, AI-Driven Dashboards

Governance & Compliance: HIPAA, PCI, Risk Management, Security Policy Design

Leadership & Execution: Strategic Planning, Cross-Team Alignment, Vendor Management

Professional Experience

Director of Special Projects – IT · Finance · Compliance

The Oxford Center · Detroit, MI · 2020–2025

- Architected and led enterprise cloud transitions (AdvancedMD, Sage Intacct, Microsoft Fabric), reducing operational friction and enabling real-time data flows across departments.
- Designed and implemented end-to-end compliance systems aligned with HIPAA and PCI standards, reducing breach risk by 95% and achieving zero audit flags across 5 years.
- Developed analytics infrastructure using SQL and Power BI on Microsoft Fabric, reducing A/R backlog by 90% and uncovering \$2M in annual leakage.
- Partnered with finance and executive teams to build a capital forecast model that secured \$10M in funding, supporting a 70,000 sq ft facility expansion.
- Spearheaded AI-driven initiatives (LLM tools + PowerShell automation), increasing productivity by 60% and streamlining onboarding, documentation, and referral tracking.

Marketing & Finance Manager

The Oxford Center · Detroit, MI · 2017–2020

- Launched foundational infrastructure for marketing intelligence and financial operations, expanding the team from 12 to 60 employees across 4 new departments.
- Built financial models and led board presentations that secured \$2M+ in growth capital.

Founder

Accelerise Consulting · Detroit, MI · 2025-Present

- Provide strategic advisory on digital transformation, business operations, and workflow automation for small to mid-sized firms.

Education

Bachelor of Business Finance, Calvin College · Grand Rapids, MI · 2017
